SEPTEMBER 24, 2015 by [ADMIN \(HTTP://EVERYTHINGGIRLSLOVE.COM/AUTHOR/ADMIN/\)](http://everythinggirlslove.com/author/admin/)

Melding folk arrangements with classic rock, [Luca Bash \(http://www.lucabash.com\)](http://www.lucabash.com) has always been one to push musical boundaries. However, the singer is making major noise with his latest release of a special compilation EP entitled *Single Drops* (<https://soundcloud.com/lucabash/sets/single-drops>).

Single Drops is a collection of songs written by Bash in 2014. Each song is from each of his four 2014 EPs (*Cyan*, *Magenta*, *Yellow* and *Key Black*). He also blesses us with one new song on *Single Drops*, *Your Tomorrow*. Check out the video below:

This new EP gives you the feeling of strolling down the beach while the sun is setting or rising. Bash brings a refreshing sound to Rock and Country, resulting in a perfect blend of both genres telling a relatable story of balancing life and all it comes with it.

On the flip side, it seems that Bash chose all the songs that sound super similar to include on this new EP. They all give you the same feeling and evoke similar emotions. We also think, Bash's vocals aren't at the level needed for the melodic tracks chosen. He tries to prove great vocal range on a couple of the tracks but doesn't quite deliver.
